Lake Worth ISD Purchases School Supplies for All LWISD Students

Lake Worth, Texas: At this evening's School Board meeting, the Lake Worth ISD Board of Trustees approved a one-time purchase of school supplies for all Lake Worth ISD students. The one-time purchase will be paid with ESSER COVID Recovery funds that was provided by Texas Legislature this past Spring.

"Our community continues to feel the economic effects of the pandemic. We hope that this one-time purchase will ease the financial burden that the back-to-school season can bring," said Dr. Neshyba, Superintendent of Schools.
